Looking forward to 2020-2021

Preparing for this upcoming school year has taken on a landscape of much learning and new practices.

COVID-19 is still present in our community and the cases continue to increase. With businesses opening up and activities resuming, there are those of us that may be embracing this or finding ourselves more concerned than ever.

St. Matthew's School Board and Administration is mindful of the varying concerns. With an awareness of the need for parents to return to work and students to learn in a traditional academic setting, we are forging ahead with new precautions in place.

St. Matthew's Episcopal School currently feels returning to school is the best direction. If any parents feel hesitant to return to school, please relay this concern to Mrs. Cantu. Lessons and activities can be streamed by video for our remote learners.

Should the County Health Officials bring anything to our attention that merits a temporary remote learning situation, we will promptly notify our St. Matthew's community.

Thank you for placing your trust in St. Matthew's. We value our partnership with you and above all we place the well-being of our students

and staff at the forefront of our mission.

Blessings,
Laurie A. Cantu
